

Joint Meeting of PSRS Members and SOLARIS Centre Users

Thursday, September 12, 2024

Session V - Ultrafast processes studied with X-ray FEL radiation: Investigating the electronic structure of molecules in solution with X-ray spectroscopy (11:00 AM - 11:30 AM)

-Conveners: Nils Huse

Session V - Ultrafast processes studied with X-ray FEL radiation: Time-resolved RIXS and SAXS at the SCS instrument of European XFEL (11:30 AM - 12:00 PM)

-Conveners: Giuseppe Mercurio

Session V - Ultrafast processes studied with X-ray FEL radiation: Scientific Opportunities at XFEL (12:00 PM - 12:20 PM)

-Conveners: Ryszard Sobierajski

Session V - Ultrafast processes studied with X-ray FEL radiation: Towards new time and frequency standards with ^{45}Sc and EUXFEL (12:20 PM - 12:40 PM)

-Conveners: Tomasz Kołodziej

Session V - Ultrafast processes studied with X-ray FEL radiation: Ultrafast structural transformations in Fe studied by time-resolved XRD (12:40 PM - 1:00 PM)

-Conveners: Oleksii Liubchenko
