

# Joint Meeting of PSRS Members and SOLARIS Centre Users

## Thursday, September 12, 2024

**Session VI - Microspectroscopy and imaging (I): Development of ptychographic imaging with soft X-rays (3:00 PM - 3:30 PM)**

-Conveners: Tim A. Butcher

**Session VI - Microspectroscopy and imaging (I): How PEEM helps in the study of antiferromagnets? (3:30 PM - 3:50 PM)**

-Conveners: Ewa Madej

**Session VI - Microspectroscopy and imaging (I): Ultrathin Sn deposited on Pt(111): growth and electronic structure (3:50 PM - 4:10 PM)**

-Conveners: Ewa Młyńczak

**Session VI - Microspectroscopy and imaging (I): Observing barium oxide on W(110) by low-energy, thermionic and photoemission electron microscopy (4:10 PM - 4:30 PM)**

-Conveners: Paweł Nita
