

18-23.05.2025

Sopot Marriott Resort & Spa

LEAPS Meets Advanced Materials for Energy Conference 2025

**SPONSORSHIP AND
EXHIBITION OPPORTUNITIES**

About the conference

The LEAPS Meets Advanced Materials for Energy Conference 2025 will take place from 18 to 23 May, 2025, at the Sopot Marriott Resort & Spa. This conference is a biennial event, and in 2025, it will be organised on behalf of the LEAPS consortium by the **National Synchrotron Radiation Centre (NCPS) SOLARIS of Jagiellonian University (UJ)**.

One of the main goals of the conference is to facilitate dialogue between research institutes and industry. Participation in this event aligns with the strategy for the development of science and technology in Poland, with particular emphasis on sustainable development. Taking part in the conference provides an opportunity to stay up to date with global achievements in renewable energy sources, as "LEAPS Meets" conference series in 2025 will focus on the future of energy in Poland and Europe. This event offers a unique opportunity for sponsors to establish strategic partnerships and promote their innovative solutions to key leaders in the European and global science sectors.

Why It's Worth Becoming a Sponsor of the LEAPS Meets Conference:

- Becoming a sponsor of the LEAPS Meets Conference lets you establish valuable connections with authorities in the scientific community. Creating inter-institutional dialogue and planning joint research projects will facilitate companies' implementation of innovative solutions in sustainable development and energy transformation.
- A summary of the discussion panels from "LEAPS Meets" will be published in the form of a "white paper," which will further emphasize the importance of sponsors as industry leaders.
- By participating in key events of European scientific consortia, sponsors will gain insights into trends in sustainable energy development.
- Supporting young scientists by allowing them to present their research and ideas will create opportunities for sponsors to collaborate with future specialists and identify the upcoming leaders in the industry.
- Participation in the conference and collaboration with authorities in the scientific community in Europe represents an excellent opportunity to build brand recognition and strengthen leadership in the areas of energy innovation and sustainable development.

LEAPS - The League of European Accelerator-based Photon Sources

LEAPS is a partnership of 16 European synchrotron centers and research units with free electron lasers (FEL) facilities. The consortium connects light sources that generate highly intense beams of X-rays, ultraviolet, and infrared radiation. These facilities enable imaging of the studied objects that is impossible to obtain using conventional equipment. LEAPS sites support research across nearly all scientific disciplines, ranging from physics, chemistry, and biology to medicine, cultural heritage, and engineering.

The consortium implements European Union programs and supports innovative research projects carried out by academic institutions in Europe. A key focus of its activities is collaboration with the industrial sector, which facilitates efficient technology transfer and the implementation of innovations in response to societal needs.

The activities of the National Synchrotron Radiation Centre SOLARIS as a member of the LEAPS consortium aim to enhance the importance of Polish science on the international stage, increase the participation of Polish research institutions in EU projects, and ensure sovereignty in the field of modern technologies.

Sponsorship options

We are pleased to invite you to cooperate during the **LEAPS Meets Advanced Materials for Energy Conference 2025**. This meeting is a platform for dialogue and cooperation between research institutes, industry, and politics, therefore the participants of the event are scientists, industry representatives, and government officials.

Our conference provides a unique opportunity to present your company's brand, services, and products. We offer three levels of cooperation to promote your company, included in the packages – "**Platinum**", "**Gold**" and "**Silver**". The Platinum Package is a unique opportunity to introduce your company at the official opening of the conference during a reception on the Marriott Hotel's panoramic terrace.

Additionally, we offer the opportunity to promote your company during a lecture at the conference or alternatively – sponsorship of a specific segment of the conference. This form of sponsorship is covered by the "**Exclusive**" package, which covers all of the cooperation possibilities included in the platinum package, with **additional flexibility to tailor the offer to your needs**.

Sponsorship packages

Exclusive Sponsor - the sponsorship price is determined individually through negotiation.*

The possibility of choosing from one, two or three options:

1. **Conference Banquet Sponsor** at the White Marlin restaurant.
2. **Welcome Drink Sponsor** on the roof of the Sopot Marriott Resort & Spa hotel.
3. **Poster Session Sponsor** at the Sopot Marriott Resort & Spa hotel.

and many other options to choose from:

- Invitations for company representatives to the Conference (3x).
- A short speech during the welcome of guests, which will allow the company to be presented as a conference partner and industry leader.
- A personalised stand in the exhibition space, with a branding wall, marked with the Sponsor's logo.
- Placing the Sponsor's logo in strategic places in the hotel during the event (banner/rollup in the lecture hall, on conference tables, in the elevator and other selected places).
- Sponsor's logo on the conference lanyards
- Sponsor's logo on the conference bag
- Printed informational materials and Sponsor's corporate gadgets in the conference bag
- Sponsor's logo on the conference website with an active link

Sopot Marriott Resort & Spa, where the LEAPS Meets Advanced Materials for Energy Conference 2025 will take place.

* A detailed offer is subject to individual negotiations.

Sponsorship packages

Build your brand and enhance your profile with a variety of tailored sponsorship and advertising packages.

Our proposal includes three categories of sponsorship, each offering a different level of brand exposure for your company:

- **Platinum Sponsor 9,000 Euro**
- **Gold Sponsor 6,000 Euro**
- **Silver Sponsor 3,000 Euro**

For any inquiries, please contact our Business Partnership Advisor: **Michał Perdjón**, michal.perdjon@uj.edu.pl, +48 452 100 842.

Please note that VAT is not included in the price and must be settled in the country where your company is registered.

The deadline for sponsor registration is 7th of April 2025.

Sponsorship offer

Sponsorship is a great way to increase the visibility of your company. In addition to the sponsorship packages presented above, it is possible to promote your company in another, personalised way. If you do not wish to be considered as one of the three main sponsors, we propose the titles: **Conference Banquet Sponsor** or **Welcome Drink Sponsor**.

The conference sponsorship programme allows for several cooperation options. Your company has a chance to receive the title of sponsor of individual conference components.

We enable direct payment for orders to the recipient instead of sponsorship agreements. Prices in this part of the offer are set individually.

Participation Terms and Cancellation policy

1. Exhibition Booth Etiquette - During Exhibition opening hours, booths should be attended by an authorized representative, technically qualified to explain and demonstrate the equipment or services displayed. The Conference reserves the right to remove any display that, because of noise or other objectionable features, detracts from the scientific and educational nature of the exhibit.
2. Subletting - Exhibitors will not be permitted to sublet booths or portions of booths to non-registered companies or individuals.
3. Compliance - The Exhibitor assumes full responsibility for compliance with all pertinent ordinances, resolutions and codes of duly authorized local and national law concerning fire, safety and health, together with the rules and regulations of the conference location.
4. Hold Harmless - The Exhibitor assumes the entire responsibility and liability for losses, damages, and claims arising out of Exhibitor's activities during the conference and will indemnify, defend, and hold harmless the conference organizer, its owner, and its management company, as well as their respective agents and employees from any and all such losses, damages, and claims.
5. Company Logos/Artwork - All sponsors are required to supply an electronic version of their logo (300dpi) for inclusion in the conference program and on the conference website. Sponsors will be contacted for graphics to be used in promotional materials and on conference website after full payment has been received. Conference Guide Ad sponsors will need to submit artwork no later than 10th of April 2025.
6. Request for cancellation of the booth reservation and/or sponsorship must be in an official signed written document and sent to the Committee via an email: michal.perdjon@uj.edu.pl
7. In case of booth cancellation received until 10th of April 2025, full registration cost minus banking fee shall be refunded to the sponsor.
8. In case of booth cancellation received after 10th of April 2025, registration cost shall be refunded only if the booth can be re-sold; otherwise, the Committee shall retain 60% of the total amount of the invoice as compensation.
9. In case of sponsorship cancellation received until 7th of April 2025, full registration cost minus banking fee shall be refunded to the sponsor.
10. For sponsorship cancellation received after 7th of April 2025, the Committee shall retain 60% of the amount of the invoice as compensation.
11. No refunds will be given for cancellations made after 10th of April 2025.
12. In the event of unforeseeable and unavoidable circumstances that are beyond the Committee's control and for which the Committee is not responsible, such as force majeure, war, natural disasters, epidemics, pandemics, lockouts, civil unrest or official measures, orders, decrees the participants will be informed immediately.
13. If due to the above-mentioned disruptions, the event must be moved to the virtual platform, a virtual B2B platform will be offered as an alternative to the exhibition. In this case, the registration costs will be reduced by 70%.
