

LEAPS meets Advanced Materials for Energy Conference 2025

Thursday, 22 May 2025

Industrial research and AI for materials discovery.: TRL 4 -7 technologies. (08:45 - 10:15)

Industrial research and AI for materials discovery.: AI assisted materials development and discovery (material acceleration platforms). (10:45 - 12:15)

Industrial research and AI for materials discovery.: High throughput characterization with ML data pipelines, autonomous laboratories. (18:00 - 19:30)
